### **About PowerHealth Solutions**

PowerHealth Solutions is a leading international healthcare IT vendor, based in South Australia. The company is proudly ISO 9001:2000 quality accredited, and specialises in *performance monitoring*, *performance management* and *decision support software solutions* for hospitals, health departments and other healthcare organisations.

Using the latest mainstream technology, PowerHealth Solutions develops high quality affordable application software that delivers a positive return on investment, regardless of organisation size.

Their software solutions are flexible and can be delivered for *on-site implementation and operation*, as a *web-based hosted service*, or under an *outsourced agreement* that brings the benefit of a low cost of entry. All options are backed by a full range of post implementation support services under a service level agreement that defines the services to be provided, along with agreed performance metrics.
