

PowerHealth Celebrates New Adelaide Head Office

25 May 2009

PowerHealth Solutions recently celebrated the opening of its new international head offices in the heart of the Adelaide Central Business District, to accommodate its expanding staff.

In January 2009, the company moved to this new location to accommodate their growing operations, which has been steadily expanding — with 16 new staff recruited in the last 2 years.

The new 680sqm facility is located upstairs of Cane Corner, and is bright, airy and spacious with large windows along 3 sides. It accommodates up to 60 staff, with a large central open space.

Specialising in consolidating hospital financial, clinical and operational information as the evidence base for hospital executives to make informed and wise spending decisions, PowerHealth Solutions is especially in demand in the current economic downturn.

The company also recently expanded their product line to include hospital billing and revenue collection, to provide modernisation to essential hospital administration services.

Mr Patrick Power, founder and co-Director of PowerHealth Solutions said, “These new premises will accommodate our continued growth, improve our operations and productivity, and increase the contribution that PowerHealth Solutions makes to the healthcare industry.”

PowerHealth clients, business associates and staff, enjoyed a relaxing and convivial evening on Friday 15th May 2009.

Visitors to the PHS office will be pleased that it is:

- ◆ Close to Adelaide Airport — only 6 km away, ranked 2nd in Australia for quality of service, winner of 2009 Australia Day Business Award
- ◆ Convenient for transport — taxi, tram, bus, train
- ◆ Within walking distance to city accommodation — see suggested city accommodation
- ◆ In the middle of great eating places — Gouger Street is Adelaide's international restaurant strip with Chinese, Japanese, Korean, Thai, Vietnamese, Indian, Malaysian, French, Argentinian, Italian, Greek and Australian cuisine.
